“Your employees (volunteers) are considerate, kind, and helpful. I really appreciate you’ll! I wish I could give you all the reward you deserve but money is the only thing I do not have much of. I am grateful for many things in my life and you are very important to me and to many of us in the Village. Your job in the Village is a lifeline for many of us who live in the Village. When you do your job that is good, but when you do the job with kindness, friendliness and honesty—that is the very finest of all things. Thank you for your wonderful service...”
